

THE COMPANY

Industrie- Kontor GmbH is a leading trading company in used machinery and equipment for the collapsible aluminium tube and aluminium aerosol can industry, plastic & laminate tube manufacturing, thermoforming machines & related machines and equipment.

Industrie- Kontor is one of the largest full service providers to the tube- & can- making industry with an integrated spare parts division, including technical development services and logistics.

Industrie- Kontor GmbH represents a large number of western European high-tech companies and their products & machines for the manufacturing industry in former Soviet Union CIS Commonwealth of independent states (GUS).

Industrie- Kontor offers the customers a complete portfolio, containing machines for the manufacturing of tubes, cans & plastic cups and spare parts and related machines for final treatment and several other applications and product manufacturing.

Industrie- Kontor is a full service provider with more than 45 years experience in the global market; the focus is placed on clear value propositions and measurable benefits for the customer.

Industrie- Kontor has its headquarter in Malsch/ Germany and incorporates subsidiaries in Moscow/ Russia and Kiev/ Ukraine.

Our customers are located all over the world- more than 190 customers in more than 40 countries rely on our services daily.

SPARE PARTS

Industrie- Kontor GmbH is able to provide you with spare parts of all kinds, brands and technical alterations- to ensure your productivity and customer satisfaction.

We are able to provide you with OEM original spare parts or INDUKO advanced spare parts solutions- with additional advantages for our customers such as tool lifetime extension, less wear, higher performance and better handling and general technical- commercial performance.

We are able to provide you with the perfect and tailor made spare parts package to enable you to concentrate on your core business. We provide the perfect solution over the entire life cycle of your production equipment.

Besides the technical solutions Industrie- Kontor provides customer individual logistics solutions- deliveries to any destination worldwide. We have a large stock of standard spare parts and assembled spare parts units and provide just in time delivery or logistic concepts such as consignment stock at the customer's warehouse.

USED MACHINERY

Industrie- Kontor GmbH is one of the largest used machinery traders in the collapsible aluminium tube industry, aluminium aerosol can industry, plastic & laminate tube manufacturing industry, thermoforming machines & related machine industry.

The worldwide network enables Industrie- Kontor to provide the ideal 2nd hand machinery solution to your needs.

As a full service provider we provide the complete dismantling, transport & logistics and erection/ installation of the line.

To customer requests we are able to overhaul the machines to the level that is required to ensure top performance of the equipment. Technical overhauling can start from simple servicing up to changing bearings and PLC systems.

Our services are available worldwide- contact us for your requirement or your offer for machines.
